## ERAPRO Fleet management

### cloud.sprintus.eu

Test now for free!

#### Web portal

SPRINTUS browser-based fleet management Reports system allows you to centrally manage all ERA PRO dry vacuum cleaners and keep an eye on everything at all times.

In the general overview, all basic information concerning your ERA PRO is shown in a compact manner. You can call up data relevant for each ERA PRO, such as location, property names, users, daily run times, maintenance dates, such as the DGUV V3 for example, or faults at any time. With the synchronisation via the SPRiNTUS APP, all data is displayed in real time in the web portal.

#### In the detail view, you have access to all

relevant reports concerning your ERA PRO. This helps you to make the right decisions and keep your fleet in optimal operational condition. Othercleaning equipment located on the property can be created and be centrally managed via the web portal.

#### Your advantages at a glance:

- Overview of the status and run times of all devices
- Faults and maintenances are displayed individually
- Visualisation of the devices by map on a property basis
- Extensive software functions and reports
- Professional, customisable interface for

#### Overview of all devices, including location, status messages and user information.

Image on the right: Cleaning equipment detailed overview.

Cleaning equipment, teams, customers, and locations can be displayed on the map.

# ERA PRO Comfort SET

#### The new generation of brush vacuum cleaners:

Unbeatable comfort! The ERA PRO in combination with the electric suction brush achieves excellent results on carpets and carpeted floors. Thanks to its permanent-magnet electric drive and high-level vacuum, it cleans deeply and gently.

The carpet is literally combed out by the redating brush and dirt is transported towards the suction nozzle and sucked in. Even tenacious dirt in the carpet, such as hair or threads, is absorbed.

With the remote control on the Ergo handle, you can conveniently switch the brush on and off at the touch of a button. Thanks to the stainless-steel telescopic tube, the working height can be conveniently adjusted to any user and makes it possible to work efficiently and free of fatigue.

The figure shows an ERA PRO set including an electric vacuum brush.
